Functionalities

What's new

- **Ultimate flexibility** in shaping, bending and cutting the way you like to install in hard to reach places. Including the 3M strip provided can be attached everywhere.
- **Powerful light output** for decorative and functional purposes.
- **Extendibility** up to 10 meters.
- **Bluetooth technology** to control directly without the need of a bridge.
- **Re-usable** after cutting to reduce waste and re-use for another Hue Lightstrip Plus.
- Improved **silicone sleeve** (look and feel).
- Smaller **packaging**, similar imagery.
- Not **backwards compatible** with previous versions.
